**ROLE OF COMMUNITY COLLEGES**
The CCCS colleges work with local school districts and state recognized secondary institutions to provide concurrent enrollment opportunities to eligible students.

**PURPOSE OF STANDARDS**
Colorado community colleges have concurrent enrollment options available to support local education providers. This document provides a set of standards for all concurrent enrollment programs to ensure quality for all students while allowing the flexibility needed for colleges to design programs that meet the needs of state recognized secondary institutions in their service areas.

Community colleges may be required to submit evidence of implementation of these standards through periodic program reviews conducted by the Higher Learning Commission during self-study visits and by the Colorado Department of Higher Education.
